

## A newly licensed and upcoming bank in Nigeria chose Intellect for its digital banking and treasury transformation

The bank is a newly licensed merchant bank in Nigeria with a focus on wholesale and investment banking. Privately owned by Nigerian and Foreign Institutional Investors, the bank chose Intellect Digital Core Banking and Intellect OneTREASURY.

Intellect Digital Core will help the bank to accelerate its Digital Banking and channel transformation journey. Intellect Digital Core comes with a Digital 360 proposition with inbuilt design for both Digital Outside (omnichannel with consistent customer experience at all touchpoints) and Digital Inside (operational excellence)

Intellect OneTREASURY, powered by real time technologies, seamlessly integrates and automates treasury functions across front-mid-back offices; and provide users with the required risk intelligence through a user focused and configurable visualization framework. It is a real time treasury management solution.

The *'trending' need* of the bank today is to have an Integrated Treasury & Risk Management system which aids in efficient risk management, capital liquidity management and profit optimization while ensuring compliance with the evolving regulations. Intellect OneTREASURY provides enterprise wide view of real time liquidity. It will help the bank meet stringent liquidity requirements and regulations with flexibility to ensure compliance to changing Capital Adequacy norms supporting robust Risk Management practices. Powered by real time technologies the solution enables rapid trade booking and position updates, high STP >96% managing Total Trade Lifecycle providing 360 degree risk visualization.

Intellect supports the bank's vision of being Africa's preferred solution provider and not just ensuring the Go Live of a solution.
